Equivalent Open Source Software.

Complete Suggested Exercise #1 on page 18 in Linux text.

Make a list of the programs you run as an ordinary user, including everything from a calculator applet to a major office suite. Look for equivalents at <http://www.linuxrsp.ru/win-lin-soft/table-eng> or <http://www.linuxalt.com>. Is there anything you can't find? If so, try a Web search to find an equivalent.

Write a brief summary, following a Memo format. Include the following information in your summary:

- a. Description of learning activity
- b. Learning achieved
- c. Any problems encountered and how you resolved them.

Follow a MEMO format.

Submit your Word document as an attachment here.

Marking matrix:(10 marks)
